

DOUGLAS COUNTY HUNTING ASSOCIATION Bylaws

The Douglas County Hunting Association is established as a deer hunting club. Although some of our properties have populations of other species such as turkey and hogs, this is a bonus for those members who would like to hunt them. The majority of our members are deer hunters.

I consider myself a guest of the landowner. I will conduct myself in a manner so I may be welcomed back. I will obey the rules of safe hunting and will be courteous and firmly insist that others do the same. No member of the Douglas County Hunting Association is above the rules and/or the Bylaws of the club. The Board of Directors encourages all members to report violations through the chain of command beginning with officers, land managers, etc.
